Trans. Hafiz Ibrahim Faizi*

Allah (S.W.T) distinguished the Holy Prophet (S.A.W.S) with a multitude of praised characteristics and bestowed him various Signs. He was exalted over mankind and Allah (S.W.T) admired him in his Holy Book more than once. His miracle will remain till the Day of Resurrection. He enjoyed the paramount dignity of morals and manners, sublime eloquence and many other characteristics. He was having such excellent morals that Quran has praised him and said with regard to him: And most surely you conform (yourself) to sublime morality." (68:4) In generosity, he was ahead of all the people. He was the bravest of all. He was most truthful, loyal and had a kind disposition. In this article a detailed account has been pictured of such noble characters.
