

**Message from Mr. Asif Ali Zardari
President Islamic Republic of Pakistan**

*On the occasion of Provincial Seerat-un-Nabi Conference held by Anjuman
Aasatizah Uloom-e-Islamia*

I am pleased to learn that Anjuman Aasatizah Uloom-e-Islamia Karachi has organized the 4th Annual Provincial Seeratun Nabi Conference which will be participated by a large number of scholars, researchers, teachers and intellectuals from throughout the province. I wish to compliment the Anjuman and all those who have made the holding of this conference possible. I also wish to welcome all the participants who have come from different parts of the province.

The life and Seerat of the Holy Prophet (PBUH) is a beacon light for humanity. Our salvation in this world and hereafter lies in following the teaching of the Holy Prophet (PBUH).

The theme of this year's Seerat Conference i.e. moderation and propagation is most appropriate as the country is faced with the greatest threat to its existence emanating from extremism and militancy. The fight against militancy and extremism is a long drawn battle. It can be fought by educating the youth and inculcating in them spirit of moderation and tolerance and banishing extremism and militancy from their thought process. The teachings of moderation as propagated by the Holy Prophet (PBUH) is a most potent tool to fight extremism.

I hope that the scholars and the participants highlight the importance of moderation as the Prophet (PBUH) as our tool to reform extremism.

I wish the conference all success.
