

50 Denmarkers Accepted Islam

Now for a good piece of news! The known scholar and researcher in Islamic Affairs, Amir Naif Bin Abdel Aziz, yesterday February 8th, on Majd TV channel said that since the publication of the blasphemous cartoons in Denmark, more than 50 Denmarkers have embraced Islam. Subhan Allah.

They published the cartoons to turn people away from Islam and instead they invoked Denmarkers curiosity. Denmarkers wanted to know who Muhammad PBUH was, when they say millions of Muslims protesting and caring about the

issue so intensely. And Al Hamdullah. You never know where the khair is...

Please send this piece of info to everyone you know so it can make it easier on them to boycott Danish products and products and all their culprits that try to slander Islam.

Also continue to boycott Danish and culprits products. You can find out which country a product originates by looking at the bar code at the bottom of the product. The bar code is bunch of black and white lines with a number underneath which allows for electronic sorting and recognition.

The first 3 numbers from the left are the country code. For example,

Israel is	729	
Denmark	is	570
Norway	is	700
		579
		709
